Annual Appeal For Christmas Help For Children Launched

CHRISTMAS COMING, NEED GREAT, DECLARE LIONS

DONATIONS INVITED

The war on the home front still goes on! It is the battle with disease, want, unequal opportunity, poverty.

The Lions club and the Newmarket public are in the forefront of the fight.

It will be Christmas time soon, and all are invited to join in an effort to see that no needy child in this town does without that little bit of "cheer" which makes Dec. 25 what it is.

"Inasmuch as ye did it unto one of the least of these, ye did it unto me."

President Jack Luck and members of the Lions club are making plans to put over Newmarket's annual Christmas effort in a big way.

"MUSICAL APPRECIATION IN THE SCHOOL" IS SUBJECT

The Newmarket Home and School Association asks the general public to reserve Tuesday evening, Nov. 28, when the regular monthly meeting will be held at 8 o'clock in the high school auditorium.

Ettore Mazzoleni, of the Toronto Conservatory of Music, will be guest speaker. His subject, "Musical appreciation in the school," will be of great interest. Mr. Mazzoleni will also play. A cordial invitation is extended to all.

You will want to give a little. It may be a mite or it may be ten dollars. It will be much appreciated in either case.

There are those who need your help!

Your gift may be sent to this newspaper or to any member of the Lions club. All gifts will be acknowledged in The Era.

STATES FAITH WORLD GOES EVER UPWARD

HEADMASTER GIVES PHILOSOPHICAL ADDRESS IN CITY

FAITH SAID NEED

Following are excerpts from an address given by Headmaster Joseph McCulley of Pickering College at Metropolitan United church, Toronto, on Sunday evening.

"These all died in faith, not having received the promises," was Mr. McCulley's text.

"Modern science has demonstrated effectively the close kinship between man and the rest of the animal creation," he said. "This kinship, however, is purely in the physical realm."

"Throughout his history, man has proven himself to possess capacities which are entirely beyond the comprehension of the rest of creation, an appreciation of the qualities of honor and justice, of beauty, truth and goodness, his capacity for love and friendship. It is these things which are the mark of man, his sense of value and values in life."

"None of these things can be explained by the physical sciences, but efforts have been made by thinkers to find some explanation. The Jew who wrote the story of creation explained it simply thus: 'God molded man from the dust of the ground and breathed into his nostrils the breath of life.' This is as adequate an explanation as man has ever been able to reach and it were well to leave it at that."

"There is more profit in observing how those basic qualities of mankind have expressed themselves throughout human history. Even primitive man satisfied his love of beauty in the drawings that are still to be found on the walls of the caves he inhabited. Wherever man has been found on the face of this planet he has demonstrated an awareness of a power outside himself."

"Although, at first, vague and uncertain, this recognition has gradually developed into the concept that we include in the name 'God.'"

"Man has gradually become convinced of the reality of that power and at the same time has become aware that God himself makes demands of man."

"This confident assurance of the existence of God and of his demands in the life of man is best described by the word 'faith.'"

WILL START NURSING COURSE IN JANUARY

All ladies who are willing to sew for the Red Cross society may register at the headquarters on Monday and Tuesday of next week from 3 to 5.30 p.m. The committee will then be in a position to arrange the sewing.

The wool committee would like to express appreciation to the ladies who have so splendidly responded to the call for knitters. The co-operation has been excellent. The socks going from Newmarket society can hold their own with any at the Toronto headquarters, according to one of the committee.

The Red Cross society would like to thank Gordon L. Manning for the handsome furniture with which he has fully equipped the headquarters. The ladies now find it so much more pleasant working there.

Preliminary arrangements have been made for home nursing classes, starting early in January. Before final arrangements can be made those in charge must know the number of ladies wishing to take this course.

On Thursday, Nov. 30, and Friday, Dec. 1, from 3 to 5 p.m. and 7 to 9 p.m. there will be a nurse in the Red Cross room, giving information and registering those planning to attend the classes. There will be a registration fee of 25 cents to cover the cost of the home nursing manual.

DEPARTING TOWNSWOMAN IS HONORED BY FRIENDS

About 25 ladies, friends and neighbors, gathered at the home of Mrs. Robert L. Pritchard, on Tuesday evening, in honor of Mrs. Thomas Kirk, who is leaving Newmarket, and presented her with a purse of money.

Mrs. Kirk will visit her sons, Fred at Shelburne, and Ernie at Winnipeg, for a while.

An enjoyable evening was spent. A dainty lunch was served by the hostess.

Silence Conspiracy Between Press And N.H.S. Board - Vale

DEPUTY-REEVE JOSEPH VALE HITS AT PRESS FAILURE

CRITICIZES BOARD

Editor, The Era:

It has come to my attention that the high school board at a recently held meeting refused to allow the concert that was held in the town hall on Nov. 14 for the benefit of the Red Cross Society to be held in the high school auditorium.

I cannot understand the attitude of the local press in this matter because any such refusal on the part of the town council to allow an organization to use the auditorium in the town hall for such purposes would bring forth much well deserved criticism and publicity. There seems, however, to be some sort of an agreement between the local press and the high school board not to give the public any report of its meetings or express any criticism of its actions, as otherwise it is inconceivable that the action of the high school board in refusing the use of the high school auditorium to the Red Cross Society could escape either editorial comment or publicity.

There is also the ridiculous situation that Pickering College, a privately built and owned school, makes its gymnasium available one or two nights a week to the citizens of the town, and yet our own high school gymnasium is reserved only for the students and teachers and is not available to the man who pays for it.

The callous indifference on the part of the high school board to the welfare of the Red Cross Society should be forcibly brought home to the citizens of the town by having a splendid auditorium and gymnasium at the high school built at the expense of the ratepayers, but from which they are excluded by the arbitrary actions of an autocratic board working behind closed doors, and seemingly immune from press comment or criticism.

In conclusion may I remark that this renders all the more incomprehensible the splenic outburst of Mr. Belugin, a member of the high school board, at our last council meeting, against the Badminton club with its inferences that the Badminton club wished to deprive the Red Cross Society of the use of the town hall.

Chance For Brilliant Child Asked At Commencement

N. H. S. STUDENTS EXCEL AT COMMENCEMENT EXERCISES

With H. A. Jackson, public schools principal, presiding, this year's commencement exercises at the high school on Friday provided an evening full of interest to the large number of parents, friends and students who crowded into the auditorium. Principal J. B. Bastedo was suffering from a cold.

In his opening remarks Mr. Jackson made an earnest plea that concern should be felt for the care of the brilliant child. He said that there were many institutions caring for the various types of abnormal children, yet the brilliant ones were often left to fend for themselves, rather than being educated into useful citizens.

Athletic awards were presented by Robert Dick, notable among these being the Eckardt cup, which returned to the school after being absent since 1936. Bill Jelley received the junior boys' championship medal and a gold medal for breaking three inter-school records. Mervyn Ewart received a bronze medal for breaking an inter-school record. Local field meet prizes were also presented by Mr. Dick.

A delightful one-act play, "Glamour in the Pecos," under the direction of D. O. Mungovan, kept the audience chuckling throughout its presentation. The players were Graydon Rogers, Jenn Smith, Betty Dales, Alice Belugin, Douglas Chalklin, Murray Davis and Phyllis Ruddock. Alice Belugin, Betty Dales and Murray Davis were outstanding.

H. C. Westbrook presented the academic diplomas and Miss Lorna Pearson presented the commercial diplomas.

Audrey Geer, winner of Miss Lyons' shield for character, leadership, scholarship and athletics, gave the valedictory address, recalling pleasant memories of days at the high school and stressing the great value of the years spent there.

High school board proficiency prizes and proficiency shields were presented by Allan Mills. Special prizes were presented by Miss Muriel McDonald, who asked E. C. Bogart, K.C., of Toronto, an old boy of the school, to present the Bogart memorial scholarship in English and history to Miss Mona Armstrong. Mr. Bogart in a few brief remarks, stressed the important function and the fine standing of Newmarket high school in the district of North York. The prize amounted to \$50.

George D. Wark presented his

MANY WELL-KNOWN MEN SPEAK AT ANGLICAN CONFERENCE

TELLS OF CONGRESS

The need for trained young Christians to do the work of the church in the present troubled times was the keynote struck by all the speakers at the second annual conference of the West York Deanery Council of the Anglican Young People's Association. Held in St. Paul's church and parish hall on Saturday, it was attended by delegates from all parts of the deanery.

Among the speakers who took part were Rev. Dr. W. C. Lockhart of the University of Toronto, Rev. C. D. Cross of St. John's, west Toronto, Rev. R. L. Seaborn of St. James' Cathedral, Rev. J. Newton-Smith, of St. Anne's, Capt. J. R. C. Ding of the Church Army, Jim George and Leslie Jenkins of Toronto.

Rev. Mr. Cross spoke on "Youth and Worship." As gateways to God's presence, he stressed silence, prayer, both alone and with others, corporate worship and Bible reading. Devotional programs and religious drama were suggested as ways in which A. Y. P. A. branches could aid their members in learning more about their religion.

"Fellowship" was Mr. Newton-Smith's subject. "Christian fellowship," he said, "centres about the Lord's table. Fellowship means friendship, and brings about a desire to help others. By fellowship in the branch both weak and strong members are helped. Your talents and lives are a trust from God, and should be used in Christian fellowship, he reminded his hearers, suggesting social service work and aiding in missionary efforts as outgrowths thereof."

FORCED INTO DITCH, CAR IS OVERTURNED

W. J. Thompson, Newmarket, escaped serious injury a week ago last Wednesday, on his way to Pefferlaw, when a car pulled out from behind a load of wood, going in the opposite direction in which Mr. Thompson was going, and Mr. Thompson took to the ditch to avoid a head-on crash.

His car turned over in the ditch, Mr. Thompson escaping with a cut ear, bruises and shock. Damage to the car amounted to about \$90. The other car did not stop. Mr. Thompson had ordered a new car which had not yet been delivered.

LESS THAN HALF MONEY REQUIRED IS IN, SAY CANVASSERS

ASK FOR \$2,500

The following statement has been issued by the Red Cross financial campaign committee: "Most of the canvassers for the Red Cross drive have now reported to headquarters and to date less than half of the amount required has been subscribed. The objective is not large, \$2,500, and can easily be met if each does his or her part."

"Many towns have gone over the top and so should Newmarket. If you have not yet subscribed or would like to make an additional subscription, the canvasser for your district will be glad to hear from you or you may find it more convenient to hand your donation in to any of the local banks. The Red Cross needs your help."

Newmarket Juniors Play First Game On Saturday

JUVENILE HOCKEY SQUAD AGAIN THIS WINTER, IS PROBABLE

A bunch of youngsters that Newmarket will be proud of will be put on the ice this winter by Charlie Holmes and company.

Charlie Rowntree, the coach of last year's successful Aurora team, is whipping a squad of 20 boys into shape. Ninety per cent of the players are home town boys.

The squad went to Midland last Monday and Thursday evenings for practice and go again tonight. They play their first game at the Maple Leaf Gardens, Toronto, on Saturday at 2 p.m. against Hamilton Photos in the S. P. A. series. They have also entered the northern S. P. A. at Midland and hope to start next week. The regular O.H.A. schedule will be drawn up later, when Newmarket will be in Junior C.

It is expected that Joe Spillette will again produce a juvenile squad. Last year's juvenile are contributing to this year's juniors.

English Prince As King Of Germany, Austrian Hints

END OF WAR IN EIGHT MONTHS PREDICTED BY DR. MARESCHE

"Germany will collapse in eight months," said Dr. A. R. Maresch, Austrian refugee, in a community forum address at Pickering College last Thursday evening.

Dr. Maresch said that after the war "Prussia will have to be reduced to what she really is, and all German nations be re-established, bound together in a loose union, with a monarch."

"The monarch must not be a Hohenzollern, not a Hapsburg," he said. "We are thinking of an English prince."

"There will have to be international police to guard over them, and to rid them of the communists that will spring up after the war," Dr. Maresch said. "I will take the period of years to educate the German people. You will have to go over and educate them in what is freedom."

Dr. Maresch spoke on why Germany cannot win. Among his reasons were:

"Stalin won't fight, because he would have to arm the peasants, who would put him out of power."

"Germany needs at least eight million barrels of oil a year in peace-time, and produces only two million. Her war-time needs will be far greater. Russia cannot help her much. Germany has nothing much to export to Russia in payment of shipping oil to Germany. The fastest train in Russia travels about 30 miles per hour."

"Austria, Hungary and Italy are all potential enemies of Germany."

"Sixty per cent of Germany would like to see Hitler fall, for they will be worse off if he succeeds and goes on to other wars."

W. L. HEAR PAPER ON "THE REFUGEE'S QUESTION"

The November meeting of the Newmarket Women's Institute was held at the residence of Mrs. Arthur Brammer on Thursday afternoon. The president, Mrs. F. Hope, presided.

Mrs. J. A. Maitland gave a paper on "The Refugee's Question."

FORMER AGRICULTURAL ASSISTANT WINS \$4,260

Readers will be interested to learn that Herbert K. McCharles, who was assistant to R. J. Rogers in the office of the agricultural representative in 1924 and 1925, was one of the lucky winners in the recent Irish draw, profiting to the extent of \$4,260. It is understood that Herb is now a lieutenant in the northern Nova Scotia Highlanders.

When Mr. McCharles left Newmarket he went back to his home province as an agricultural representative and has, for the past two years, been director of agriculture in Newfoundland.

TRINITY JUNIOR CHOIR GIVEN HIGH PRAISE AT HAMILTON FESTIVAL; WINS TROPHY

Seven friends used their automobiles last Saturday to transport the Trinity United church junior choir to Hamilton, where the 17th annual Hamilton Elateddoff was being held in the technical school.

The choir, under the direction of Billy Harris, sang two numbers, "The Ashgrove," and the "Belshazzar." The first prize of \$10 and the challenge cup were won by Trinity juniors.

The adjudicators were Prof. Thomas Roberts, Colgate University, Hamilton, N.Y., and Dr. A. E. Whitehead, organist of Christ Church Cathedral, Montreal. In giving the adjudication, Dr. Whitehead said, "One choir really rendered 'The Ashgrove.'"

Before announcing the mark he said he thought everyone present knew the winning choir. He expressed regret that he had to be brief but he wished to say that his colleague had said how delightful was "the clear radiant tone of

Trinity." "It was truly a delightful performance and it gave them much personal pleasure to listen as well as to adjudicate." He just wished to say that the singing of Trinity choir was "utterly delightful." "I could easily give them 97, but I know they will go home satisfied with 87."

Trinity juniors now hold three cups, a cash prize, and a shield as rewards for 1939. J. A. Marsh, M.P., personally presented the cup to Mr. Harris.

The following is the adjudicator's report: "Decent and melodious, always unforced, clear and graceful; diction and rhythm, excellent throughout; phrasing, delightful; fluent tone with an excellent balance of descent and melody; interpretation and general effect, rise and fall of tone splendidly achieved over a sufficiently wide range of expression. He didn't attempt too much. A lovely performance."

PEOPLE VERSUS GOVERNMENT

Increasing opposition to the provincial government's proposal to suspend municipal elections is developing throughout Ontario. The Toronto Star has been running editorials in opposition to the proposal five nights out of six, and the Toronto Telegram has been doing pretty nearly as much. In addition, most other newspapers, daily and weekly, throughout the province, have been expressing determined resistance. Commercial travellers, long accepted as barometers of public opinion, say that opposition to the idea and the means of bringing it about is widespread.

"Local Option"

Not all are opposed to the two-year election idea, although many are. The annual election is, we think, best calculated to keep the people in touch with the affairs of the small municipality. There is room for an honest difference of opinion on the question of one-year or two-year elections, but that is already taken care of by existing municipal law, which gives a municipality the right to have biennial elections if it wishes.

Economy Motive Sound

The provincial government is right to look for possible economies in government. There might be economies that could be made at Queen's Park. We do not know that there are, but we make the suggestion. A careful survey of Queen's Park departments might reveal unnecessary staff, extravagant practices or overpaid public servants. Now that employment is opening up in industry, as a result of the war, it would not be a hardship on the "extras" who would be let out into the competitive world. Departments in which there might be less employees needed would include the department handling relief, as relief rolls will surely drop sharply, and that administering defaulting municipalities, as these municipalities are now getting back on their feet.

Economize on County Councils

In the municipal field the government should look at county councils in the search for possible economies. County councils do some useful work, form a useful means of spreading out education and road costs, and no doubt their deliberations are an education to some of the men participating. But county councils are not as economical as the municipal councils which they represent, for the old-fashioned reason that municipal councils spend money which they have raised direct from the beneficiaries, whereas county councils spend money which they have raised by a levy on the municipal councils.

County councils constitute themselves petty parliaments, debating matters over which they have no control, largely because there is so little left within their own jurisdictions, and their sessions would be so short if they stuck to their own business. Last week York county councillors, paid for their time by the public, devoted an afternoon to hearing an oratorical contest. This is an old custom, but might not the children have the use of the county council chamber at another time, when the council is not in session? Why should the public provide a paid audience for our young orators? If the event were held in the county at a central point there would be no difficulty getting an adequate audience who would applaud at the right times, we think.

IN DEFENCE OF MR. KING

Prime Minister Mackenzie King must feel that life is hard indeed. On the one hand, he is criticized by those who would have had him keep Canada out of war. On the other hand, he is criticized by those who say that he is not thrusting Canada into the war fast enough. One Ot-

tawa correspondent has been writing a series of articles about the government's lack of readiness for war and its caution in committing Canada to huge expenditures on the empire air training scheme. This correspondent speaks of Mr. King's pacifist sympathies, and berates him for not having his ear closer to the ground.

No, Not That

We have often criticized Mr. King, but never have we said that he did not have his ear to the ground. That, we think, is his principal failure. He has his ear so much to the ground that he sometimes fails to see the stars. Mr. King may be a "recluse," as this correspondent says, but he is always aware of public opinion, as may be seen by his general election records. In the present instance, we think that the government's policy with regard to war, so far as that policy has become evident, fits in with public opinion pretty closely.

Caution Desirable

There are those in this country who, regardless of the need, would have Canada rush development of an army, to make needless sacrifices on foreign fields, at a time when the armies of Britain and France have little or nothing to do. There are those who would have Canada go into debt, on war account, even faster than she is now going, regardless of the consequences to the next generation. There are those who would have the government whip the people up to a fever-heat of war emotion and hatred of other peoples.

Public Supports Mr. King

There are those in Canada who seem to relish war, but they are much in a minority, and the King government's reluctance to shed unnecessary Canadian blood and to pile unnecessary economic burdens on the shoulders of our sons and daughters is representative, we think, of a large section of Canadian public opinion. More than a quarter of Canada's population live in the province of Quebec. There was an election in that province recently. So far as we were able to gather from partial returns published, from 50 to 60 per cent of the people voted for a party which approved of Canadian participation in the war but promised that there would be no conscription, and the other half of the people divided their votes between two parties which were opposed to conscription and to Canadian participation in the war. One of these latter parties, it must be remembered, had an unsavory record as a ruthless disregarder of civil liberties and rights and possibly as extravagant administrators. Would Mr. King be wise to disregard opinion in the great province of Quebec? Would he be wise to disregard his own so-called "pacifistic sympathies"? Most Canadians feel just about as Mr. King evidently does, that this war is, at this date, unfortunate and unavoidable, that Canada will do that part which she can do best, that the giving of lives must be entirely on a voluntary basis, and that Canada must not assume a share of the cost too disproportionate to her less immediate interest in the struggle.

BOUQUET TO DR. MANION

While Publisher George McCullagh is preaching hatred of the German people, with the co-operation of the Canadian Radio Commission, Hon. R. J. Manion, federal Conservative leader, is performing a public service in distinguishing between the Nazi regime and the German people. "Let us remember, when this war is over, that it is our duty to deal justly with Germany and to help the German people to set their house in order," says Dr. Manion. It is pretty generally agreed, among students of world affairs, that, while the German government is tyrannical in the treatment of its own people and aggressively unscrupulous in the treatment of its neighbors, we can blame the rise of such an administration in Germany on our own unsympathetic treatment of Germany when she was down and out.

We Didn't Trust Germany

Still filled with the hatred which the last war germinated, we missed our opportunity to show the German people that they did not need to become a military power to prosper economically. We spoiled her, as parents spoil a child, by making concessions to her only as she demanded them. We failed, just as parents fail who wait until their children cry and sulk before granting their reasonable desires and filling their reasonable needs. "We trusted Germany and she betrayed our trust," says Mr. McCullagh. No, we distrusted Germany, and she resented our distrust. Dr. Manion's speeches will contribute far more to the ultimate settlement of international strife.

The British collier Torchbearer sank in the North Sea this week after striking a mine. This was the ninth ship to be sunk in the North Sea since Saturday. The Dutch liner Simon Bolivar was among those, from which 150 were missing. Great Britain will retaliate against this sea warfare by seizing German exports on the seas, Prime Minister Chamberlain told the House of Commons.

KING CITY
QUOTA SYSTEM NOT JUST SAY MILK PRODUCERS

The U.F.O. held their annual banquet in the Masonic hall on Tuesday, Nov. 14. The main features of the program following the supper hour were vocal selections by Joe Cherry of Gormley, slides on co-operative work in the U.S.A., presented by Leonard and Violet Harman, an achievement due to their trip through the United States, and Miss Millie Umehara gave her speech which she is using in the U.F.O. oratorical contest, which is being held in Toronto this week.

Everett Wiltshire sang "Jesus Shall Reign."

District No. 8 of the milk producers' association held its annual meeting in King Masonic hall on Saturday. It was well attended and reported the best meeting for sometime.

"The Quota System As Is" was the main theme of discussion. The meeting asked that the executive find a more just way of selling the producers' milk because it was ascertained that the farmer received only one third of the consumers' dollar.

Some producers present seemed to think it the opportune time to raise the price of milk. It was also recommended that all dairies be bonded and if the farmer is not paid at the proper time for milk, he was to notify the association of such non-payment.

The main speakers at the meeting were Dr. Reynolds, Toronto, president of the Milk Producers Association; E. H. Clarke, Aurora, sec.-treas. of the association and ex-president of district No. 8 on the board; W. H. Wilmot, Sharon, another member of the board, and Mr. Coleman, auditor for the board.

These speakers all said that the executive was doing everything in their power for the producers and only by proper organization and co-operation would the producers be able to achieve desired results.

The officers elected for the coming year were: president, W. E. Barker, King; sec.-treas., Mr. Marchant, Schomberg; vice-pres., Russell Snyder, Nobleton. The same executive was re-elected, with the addition of Mr. Spooner and Mr. McMullen, both of Schomberg.

In Memoriam

Blair—In loving memory of a dear husband and father, Henry Blair, who passed away Nov. 19, 1938.

Just when your life was brightest, Just when your years were best, You were called from this world of sorrow

To a home of eternal rest. Sadly missed by wife and family.

Spring—In loving memory of our dear daughter, Louisa Christina Spring, who passed away September 16, 1938.

While the midnight stars are gleaming, On a lone and silent grave, Beneath it sleeps a dear daughter, The child that we loved but could not save.

Her weary hours, her days of pain, Her troubled nights are past, Her ever patient, worn-out frame Has found sweet rest at last.

Long days, long nights she bore her pain To wait for cure, but all in vain, Till God Himself knew what was best.

He took her home and gave her rest. Sadly missed by her mother and father, sisters and brothers.

Terry—In loving memory of a dear husband and father, Benjamin Burton Terry, who passed away Nov. 25, 1938.

God knew that he was suffering That the hills were hard to climb, So he closed his weary eyelids, And whispered peace be thine.

Loving and kind in all his ways, Upright and just to the end of his days, Sincere and true in heart and mind,

Beautiful memories he left behind. Sadly missed and always remembered by wife and daughters.

Wait—In loving memory of a dear son and brother, Alexander John Wait, who passed away Nov. 22, 1938.

We do not forget you, nor do we intend, We think of you often, and will to the end, Gone and forgotten by some you may be, But dear to our memory you ever will be.

Lovingly remembered by father, mother, brothers, sisters.

—Mrs. C. Wilson dies, was 92 years of age

One of Newmarket's oldest residents, Mrs. C. Wilson died on Saturday at the age of 92 years.

Mrs. Wilson came to Canada with her parents, from England, when a child, and they settled on the third concession of King township, where Mrs. Wilson attended school. Mrs. Wilson attended the same school as Sir William Mulock.

Mrs. Wilson was well-known in town, where she has resided for more than 70 years, moving here when she was 20 years of age. She used to often recall when Newmarket was just a stop-over between Toronto and Holland Landing, which in those days was a thriving center. She was a member of the Presbyterian church.

Surviving are two daughters, Mrs. W. Johnston, Sask., and Mrs. Clarence Smith, Toronto, and three sons, James, Edward and George, all of Newmarket, 17 grandchildren and 14 great-grandchildren.

Likewise Barry Collard of the Victoria Square school was a favorite in second place, his subject being "Duty Calls." Third prize was won by Edward Richardson of Hartman's Corners in Whitechurch, with Betty Jackson of Maple school, fourth.

PROMINENT CITIZENS ATTEND BANQUET OF BICYCLISTS

Celebrating the conclusion of the club's most successful season since its inception four years ago, the Aurora Cycling club held its second annual banquet and prize-giving last Friday at Dawson's Grill.

Fifty-six persons sat down to the festive board, presided over by the club president, John Offord, and seated at the head table were such notables as Jack MacDonald, chairman of the Canadian Wheelmen's association, Bert Sharpe, member of the C.W.A. racing board, Mayor J. M. Walton, Rev. G. O. Lightbourn, G. A. Malloy and the honorary president of the club, Dr. C. R. Boulding. The married guests and officials were accompanied by their wives, while club members for the most part brought along their sweethearts.

The toast to the king was given by George Spence, club secretary. Jack MacDonald proposed the toast to the club, complimenting the members on their fine work, and paying particular tribute to Cliff Chapman, who this year won the dominion novice one-mile championship.

"I hope to come back here in the near future, to present to Jack Offord's boys a trophy for winning the dominion club championship," said Mr. MacDonald. "If improvement continues as rapidly in the future as in the past this wish of mine may become a reality."

Bob Benville, popular member of the club, replied suitably. Clifford Chapman proposed the toast to the guests, which was replied to by Rev. G. O. Lightbourn. Toast to the C.W.A. was made by "Mickey" Smith and the response was given by Bert Sharpe.

Mayor Walton congratulated the club on behalf of the town for the fine work achieved the past year, and the favorable publicity given the town. Dr. C. R. Boulding, in presenting the prizes, spoke of the team play, sportsmanship and good conduct of the members.

Decide War Must Not Stop Holding of Musical Festival

SAY CHILDREN'S FUTURE MUST BE CONSIDERED. COMMITTEE NAMED

"York county music festival will again be held, despite any rumors to the contrary," Dr. C. R. Boulding, festival president, told The Era yesterday, following a meeting of the festival committee in the Aurora council chambers on Tuesday evening.

"This generation may be threatened with the loss of some of its precious heritages, because of the war, but the general feeling of those present was that we should not jeopardize the future of our children. Music and other forms of educational interest are needed all the more now. We must remain calm and carry on what is best for the communities of York county."

It was decided to hold the festival the week of May 6 next year. In order to assist the schools and others taking part in the festival, a committee of Miss A. Campbell, Miss H. Harris, Aubrey Bailey, Mrs. S. C. Rutledge and Mrs. D. Boyd was appointed to make certain changes and modifications in the next syllabus. This committee will meet on Dec. 5 to complete its plans.

she's generally gone for a month."

EVERY-

WHERE

By RALPH M.
ADAMS

What the railbirds say about the
'40 edition of the Newmarket Red-
men goes something like this—
"There sure were lots of hopefuls
on the ice."

And that my friends (I hope) is
more truth than fiction, because
the other nite at Midland there
were more than 30 players on the
cushion.

With four netmen battling for
the position and at least ten de-
fensive hopefuls on the roster, the
defensive end of the team should
be well looked after by the ulti-
mate regulars.

Up front there were enough
players for at least six complete
forward lines, with a few over for
good measure, and every man jack
of them battling their heads off
as though the Memorial Cup was
at stake.

If spirit counts for anything,
this outfit should go a long way.
Their coaching will be well looked
after by Charlie Rowntree. He
knows how much spirit counts, be-
cause he had plenty of game little
tennis at Aurora.

We notice that the four players
Newmarket and Aurora were
squabbling about are practising
with the locals, that is McComb,
Gibbons, Dennis and Broughton. I
thought that the Auroras were
going to get at least two of these
players.

Dennis and McComb were the
two that the south team wanted
but the former had to get his re-
lease from Newmarket and the
latter was to continue to work in
Aurora. Apparently Dennis has
neglected to obtain permission,
while your scribe knows for a fact
that McComb hasn't worked in
Aurora since last spring.

Well, these boys are all reliable
performers and should provide
Coach Rowntree with a fine
nucleus for this year's junior
squad of Redshirts.

Incidentally, I wonder what my
fellow columnist, "Down the
Centre," has to say regarding this,
shall we say, mix-up of the players
mentioned.

That crack I emitted about
Tommy Burke and the song-hit
slightly came back, Tommy flail-
ing, denying the rumor that he was
singing, because he told yours
truly that he couldn't carry a tune
if it was in a pall.

However, now it can be told
that Lawrence Molyneux, the local
boy playing defence for the Cleve-
land Barons, having been time-
keeper for the flits before he went
away, knew Tommy's ability and
sent him word that he had lined
up a chance for Tommy to scrap
across the line but Tommy had to
turn the offer down.

Yours truly (always nosy)
went after Tommy for an explana-
tion of why he had turned down
what I considered a chance of a
lifetime and the kid had plenty of
good air-tight excuses.

Burke's main alibi is that he
isn't in first-class condition and
right now hasn't a place to train,
and he also says he wouldn't want
to go over the line and disgrace
the old burg.

Personally, I am more than sat-
isfied with the excuses he offered
but one angle I do like is Moly's
attitude in trying to advance some
of the other athletes' fortunes in
this town. I don't believe there
are many fellows that would put
themselves out like he did to help
along a kid like Tommy. So this
column tenses an orchid to the
big Barons defence man.

Along the grapevine

Hughy Mair, the local boy with
Marlborough in junior "A" series,
scintillated the other nite to the
tune of a goal and assist in their
opener in the S. P. A. . . . Frankie
Carr, erstwhile Aurora netman
with the same team, turned in two
periods of scoreless rubber-stap-
pling in his turn in the Dukers' net.

I suppose you rugby fans
noticed that Argos took a well
drubbing last weekend in the
capital city. . . . Imagine those
rough Ottawa boys taking advan-
tage of an injury-riddled team to
win. . . . Did you fans ever notice
that every time a Toronto outfit
thinks they are going to take a
licking or they do get one, nearly
their whole team are in the hospi-
tals or resting on the front door
of the doctor? . . . Funny, isn't
it? . . . Well the Toronto Maple
Leafs won't be able to holler in-
juries this season with 22 men on
the roster, that is seven over the
dressed player limit. . . . On the
results so far, they look like Stan-
ley Cup champions, with Broda
limiting the enemy to two markers
in 310 minutes of play and that's
some net-guarding. . . . And don't
forget a winning team means
MONEY in any kind of hockey,
even our so-called amateur, and I
think any that the maxims is the
thing. . . . Never mind the young
athletes as long as the club makes
the dough, even though their
development is neglected. . . .
Yours till youngsters get the
bronks.

PEPPER AND SALT

By Pep.

A fine array of young man-
hood and womanhood received
track and field awards at the
high school commencement exer-
cises last Friday. Enough has
been said about the individual
stars of the inter-school meet and
too little of the team as a whole;
winners of the Eckardt cup.
Every football fan cheers a fair
half-back; every football coach a
good line-man. The track and
field squad of this year was one
of the best the school has pro-
duced.

The R.S.A. buglers have sus-
pended rugby operations for the
season, with the Beaches shunt-
ed out of the play-off picture.
They have added to their reputa-
tion and enjoyment with this re-
cently completed venture. From
now on until spring it's Thurs-
day night practices in the hall
for them.

Basketball takes the spotlight
in the high school's sport whirl
this week. A schedule for inter-
form contests was drawn up
Tuesday. These kitty-bar-the-
door games are a means of de-
veloping players with aspira-
tions for berths on the senior or
junior fives.

This indoor game has always
been one of the most popular
winter subjects of the second-
aries on the hill. Students from
the country eat and sleep it be-
tween morning and afternoon
sessions.

A smooth sheet of ice covers
the pond this week. Venturesome
stick fanciers got their first
taste of practice Tuesday. Some
reported the ice swell, but the
water slightly cold.

At the bowling club banquet
in the King George hotel Tues-
day, Henry Sennett told one that
went something like this. At a
party one night a contest was
held to decide the plainest wo-
man in the room. She was
duly found and as the prize was
presented to her she exclaimed,
"Oh, but I wasn't playing."

IMPERIAL BANK PROFITS

INCREASE SLIGHTLY

Imperial Bank of Canada pro-
fits for the year ended October
31, 1939, were \$966,259, compared
with \$961,343 in the previous
fiscal year, it is shown in the
financial statement going for-
ward to shareholders. Gross as-
sets are up over \$20,000,000 to
\$187,959,829, the highest in the
history of the bank. Cash or its
equivalent have not materially
altered but there is an increase
of more than \$10,000,000 each in
less-than-two-year and more-
than-two-year maturities of Do-
minion and provincial bonds.
Current loans are about \$6,000,-
000 higher than formerly. The
annual meeting of shareholders
has been called for November
22nd.

The profit of \$966,259 is after
providing \$325,885, for Dominion
and provincial taxes, compared
with \$316,156 in the previous
year, and \$99,689 in contribution
to staff pension and guarantee
funds, compared with \$90,536 in
the previous period. After the
usual dividend payments of
\$700,000, and amount written off
bank premises, \$100,000, and re-
serve for contingencies, \$150,000,
all three items being the same as
in the previous period, the bal-
ance remaining is \$16,259 for the
year, compared with \$11,343.
The surplus forward is \$665,634.

All classes of deposits are sub-
stantially increased. Those bear-
ing interest now total \$90,453,736,
compared with \$95,203,907 for-
merly. Non-interest-bearing de-
posits total \$30,783,818, compared
with \$46,084,302. Balances due
from and deposits of the Do-
minion government total \$12,006,062,
compared with \$1,835,553, while
provincial deposits total \$10,327,-
156, compared with \$8,439,505.

Cash or its equivalent, in the
form of deposits with or notes of
the Bank of Canada and notes of
other banks, at \$15,081,493 is not
materially altered from the pre-
vious year. The greatest change
in the assets are the increases in
the Dominion and provincial
bonds, due in less than two
years, up to \$26,128,055, from
\$10,048,831, and in the same class
of security due in more than two
years, up to \$43,848,583 from
\$33,458,273. Municipal securities
also have risen to \$6,196,599 from
\$5,071,148. These, together with
a minor item of \$35,863 compared
with \$49,649, total \$76,209,100 in
quickly negotiable securities,
compared with \$54,627,101 a
year ago. The ratio of quick as-
sets to total public liabilities is
approximately 67 per cent.

Call loans in Canada total \$5,-
200,024, compared with \$5,454,-
382. Loans to provinces are
reduced to \$587,928, compared
with \$6,354,077 and loans to mu-
nicipalities, etc., are \$7,393,784
compared with \$7,857,619.
Current loans, comprising
loans to business enterprises
through the branches of the
bank, show a substantial increase
to \$64,080,746 compared with
\$58,274,756. Bank premises are
now carried at \$5,850,778,
against \$5,946,043 formerly. With
other items of minor importance,
the total assets thus are \$187,-
959,829 compared with \$187,307,-
518 at the end of the previous
year.

Era printers make a great effort
to please the public. Every job is
a challenge to give better service,
more artistic and effective print-
ing, greater value. They try too to
make the price as small as possible.

STATES FAITH

WORLD GOES

EVER UPWARD

(Continued from page 1)

Hebrews describes faith as 'a con-
fident assurance of things hoped
for—a conviction of the reality of
things we do not see.' It is the
quality which has marked great
souls in all ages and in all spheres
of human activity.

"Galileo, insisting that the
world did move even while being
forced to recant, is an exemplar of
faith."

"Columbus setting out, not
knowing whither he went, is an-
other."

Abraham Lincoln, visiting the
slave market as a young man and
there determining that something
should be done about it, demon-
strated the faith that was in him.

"William Penn, putting in
practice his religious beliefs in his
relations with the Indians, demon-
strated his faith."

"John Wesley, preaching to the
indifference and immorality of his
age; Gladstone, in the house of
commons asserting his assurance
that it was impossible to fight
against the future; Beethoven
stricken with deafness and still
writing some of the most magnifi-
cent music that the world has ever
heard—and the list might be pro-
longed indefinitely of all those who
have labored, in all lands, that
mankind might progress and that
his finest dreams might be real-
ized."

"One of the finest dreams that
has ever possessed the mind of
man is the vision of the Kingdom
of God on earth. The great task
of the Christian church has been
to realize that vision. The Master
prayed: 'Thy Kingdom come, Thy
will be done ON EARTH as in
heaven.' This is no prayer for a
blissful life beyond the skies, but
a challenge to the Christian church
in all ages to realize in the life of
man the rules which the Master
enunciated."

"On many occasions the church
has fallen far short of this mis-
sion. At times it has been throttled
with temporal power and pride.
At other times it has permitted
rites and ceremonies and ritual to
obscure the simplicity of the Gos-
pel message. At still other times
the church has introduced the
weapon of fear and coercion."

"But in spite of the tragedy of
disappointment and disillusion-
ment and unbelief there have, nevertheless, been both within and
without the church in all countries
and in all ages, men of good-will
who have looked forward to the
coming of the Kingdom and have
worked unceasingly for this cause."

"Even within our own time there
have been high moments of hope
in human history. Undoubtedly
many men felt that the early days
of this present century, with the
establishment of the Hague Tri-
bunal, would usher in a new era
in the relationships between
nations. At the conclusion of the
last war untold millions saw in the
League of Nations the expression
of an ideal hope, the possible
ushering in of a new era in the
history of mankind. Time after
time these hopes have arisen only
to crash to earth."

"But the ideal still lives. As a
Canadian writer has recently ex-
pressed it: 'History travels in grim
cycles and humanity is broken on
the wheel. But the journey is up,
not down, and it is worth travel-
ling. If it were not so, man would
have let the wagon mire long ago.'"

"One of the greatest functions
that the Christian church has in
any society has been to keep alive
this dream of 'the beloved com-
munity.'"

"It is more than ever necessary
in the world of today that the
church should recognize this, its
mission. The sons of men are
once more engaged in a grim
struggle. There exist those leaders
of great masses of mankind who
deny those fundamental principles
on which the Christian religion is
based, all of which are tied up
with a fundamental respect for
individual human personality."

"In such a world, and through-
out a struggle such as that in
which we are now engaged, it is
more than ever necessary for the
Christian church to assert and re-
assert its fundamental 'faith.' In
a world in which force seems to be
the final arbiter the church must
express its conviction in the reality
of those things which we do not
see and which we can only glimpse
near off. We must have faith to
see beyond the tragedy of a world
at strife, the dawn of a brighter
life."

"In past ages many millions have
died in faith, not having received
the promises but having seen them
from afar off. Those of us who
profess and call ourselves Chris-
tians cannot now betray the seeds
and the prophets of the past. Nor
can we relinquish the hope in
which in past ages thousands of
the humblest and nameless died,
sacrificing and suffering to help
realize a better world."

JUNIORS SHOW

(Continued from Page 5)

give the Auroras what seemed like a safe lead. Then the tables were turned. Playing with a two-man advantage, Martin took a loose puck and scored on a shot in which he had no one but McGhee to beat. Careless defence work was responsible for the second Galt goal when "Al" Hassun of the pups coasted around the Aurora goal mouth and stole the puck away from two Aurora players to score an easy goal.

Both sides came out fighting the last period and less than two minutes later Bryant, the Galt right-winger, tied the score, when, after some zigzag passing inside the Aurora blue line, he shot through a maze of skates and sticks to catch the inside corner.

Spurred to action by this reverse, Aurora went on the attack full steam, and six minutes from full time "John" McComb, who flashed last season's form most of the evening, took a perfect pass from Lowe, with Morlock hanging in on his neck, and shot. Krull made a sensational save but missed the rebound shot, which McComb calmly played to the upper part of the net over the prostrate Galt boy.

With penalties coming thick and fast, the boys from the banks of the Speed tested McGhee time and again to no avail. At the bell the boys traded a few punches, with players from both sides mixing freely, but no damage was done and calmer heads soon prevailed.

All the Aurora team played well, taking into consideration it was their first game and Coach Fringle hardly knew his boys, it being only the second time he had them under his supervision.

McGhee, Brennan, Curtis, Donkin, Lowe and McComb slightly shaded their fellow puck artists. For Galt, Morlock, Martin Hassun, and Liscombe were outstanding. The Galt team were well coached, in good condition, and played a very rugged style of hockey.

No injuries of a serious nature were suffered but what there were came to Aurora. Owen Johnston was forced out of action in the second period from a vicious check, and McComb and Brown took some unwanted

slashes on the hands, which left bruises and soreness in their wake.

Galt: goal, Krull; defence, Morlock and Tustin; centre, Fraser; wings, Martin and Hassun; subs, Liscombe, Gillespie, Bryant, Markle, Mills, Andrews, Pickard and Watkin.

Aurora: goal, McGhee; defence, Scott and Brennan; centre, Brown; wings, Pugh and Johnston, spares, Michaniuk, Cummings, Donkin, McComb, Pearce, Murray, Fanning, Curtis, Lowe and Tunney.

Referee: Howard Teasdale, Brampton.

CHOOSE LEGISLATORS CAREFULLY--PASTOR

On Sunday St. Andrew's Presbyterian church held its anniversary services with the pastor, Rev. J. K. McCreary, taking the morning service, and Rev. A. B. Ransom of Runnymede Presbyterian church being the special preacher at evening worship.

Last week Aurora United church held their anniversary services and on that occasion the Presbyterian congregation did not hold an evening service. Last Sunday the United church reciprocated by foregoing their evening service in order that members might attend the Presbyterian service if they so desired.

Mr. Ransom chose for his text: "The precious things of all nations shall come," or as he paraphrased it, "what is desired by all nations shall become a reality." He pointed out that assault had been made upon religion by its enemies, but the church still survived stronger than ever.

"The church of tomorrow," he said, "will be built on new spiritual values. We will gather the good from all religions, and all 'isms,' and apply the golden rule principle."

"Democracy as we know it," he continued, "makes demands on all the people, and many of us are found wanting in the manner in which we respond to our clear duty. It can only be as strong as the principles of the men whom we place in control of affairs. Bad legislators will beget a weak democracy. It all comes back to each of us, it is our responsibility if our heritage is to succeed."

"We must start at the bottom and work upward. Here, in this town, you are responsible for the choice of those who guide civic destiny each year. Make your voice felt, choose well, that the church of the future may become a reality."

A quartet composed of Herbert and Leslie Eveleigh, Mrs. Chester Osborne and Mrs. Stanley Anderson rendered special music.

Manley of Uxbridge, Leo Paxton's orchestra provided the dance music. From the net proceeds the league made a donation to the Red Cross.

In the absence of the president, Reg. Southwood, through illness, Miss Eva Slaney, the vice-president, presided.
